report by Wright as revised by Elliott, has been an embarrassment to the department's higher otherals.

'I would not presume to write in this manner concerning the head of the department in which I am an otheral and the department in which I am an otheral and the department in which I am an otheral and the demand for both raw cotton and faished goods was keen. The rise in the price of silver was an important feature of the week.

The weather of the week was faiture of the week was In the spot department the demand was good and prices had a strong rising tendency. Middlinhs closed at a rise of 1-2 a cent, being quoted at 10 1-2, against 10 cents last week, and 15 5-8 this week last year. Sales on spot amounted to 11,520 bales, against 18,336 last week and 1,736 this week last year. Sales to arrive amounted to 9,925 bales, against 2,245 last week and 3,528 this week last year.

FOLK'S LAST CALL ON DELEGATION

He Will Have Votes if Clark's Race Becomes Hope-

less.

(Special to The Times-Dispatch.)
St. Louis, Mo., February 10,—That the Missouri oelegation to the Democratic National Convention will be at all times for a "initive son" candidate was made certain to-day as the result of an agreement reached between former Governor Folk and Speaker Champ Chrik, whereby each will name one-half of the State delegation and they will vote, as long as he has chance of winning, for Clark.
While the entire delegation will be for Clark, Folk's campaign manager asserted to-night that in return the Clark delegates will go to Folk in case it is evident Clark cannot be nominated. Folk has withdrawn from the race, but in this way he has reserved the right to enter the list from the convention floor if it is evident Clark cannot be nominated and thereby has the last call on the delegation.

from the convention floor if it is evident Clark cannot be nominated and thereby has the last call on the delegation.

Local managers of Clark's campaign were not consulted on the compromise, which the Speaker agreed to to-day, and all afternoon there were extended conversations over long distance telephones to Wesaington. Judge Vipgil Rule, head of the Clark head-quarters, absolutely repudiated the agreement, saying that in the open State convention Folk could expect nothing and that the compromise was uncalled for. Harry B. Hawes, who traveled in the Southwest for Harmon before the Clark hoon became active but who is now supporting Clark, said he was taken completely by surprise and did not know what it all meant. Some of the simon-pure Clark supporters declared to-night that they believed the agreement was entered into by Clark to show conclusively that he was not being used as a "stalking horse" for Harmon, and that the Missouri delegation might be expected to go to Wilson without the working of the leverage which they believe Folk now has in the situation, in case it is evident Clark cannot be nominated. Wilson supporters said to-night the indications are now that if it is evident Clark cannot be nominated and the delegation is turned over to Folk, it will be in turn swung over to the New Jersey Governor, as Folk has declared he believed Wilson a "true progressive."

CARRIED DOWN BY FIREMEN

Score of Shoppers Barely Escape With Their Lives.
[Special to The Times Dispaten,]
Newark, N. J., February 16—A score of shoppers, mostly women, barely escaped with their lives this afternoon from a fire that destroyed the big furniture establishment of Cowperthwait & Vanhorn, in this city. The fire started on the third floor and spread rapidly. Many nimates of the buildirs; were cut off and had to be carried of win ladders by firemen. The loss will exceed \$75,000.

LIFESAVERS AT NIAGARA

Smith Author of Plan to Chent Fulls
of Heavy Death Roll.
[Special to The Times-Dispatch.]
Washington, February 10.—A plan to
cheat Niagara Falls of its heavy death
roll was presented to Congress latto-day by Representative Smith (Democrat, New York) in the form of a
resolution providing for the establishment of a life-saving station, there
Smith pointed out that had a lifesaving station been in operation when
the ice flow recently broke the three
persons who lost their lives would
undoubtedly have been saved.

Richmond Cotton Oil Refining Co. Stock, Inc.

A limited number of shares of stock is offered at par in the above company in order to couble our outp t and run day and night.

Total stock to be issued is only \$30,000.00, which is all that will be necessary to own all the equipment and furnish sufficient capital to turn out 300 barrels of refined oil daily.

The plant is now in operation and turning out all the different grades of refined oil, which is so much used by all the lard makers, bakers and the many uses to which this oil is so well adapted. This plant is up-to-date in every way, and the oil is treated with the latest known processes.

This being a vegetable produce, it is displacing all animal fats, not only because it is much less expensive, but it is recommended by all food experts to be absolutely pure and wholesome.

This is a very choice investment, owing to the fact that there are only about twenty cotton oil refineries in the United States, and the demand for the refined oil is world-wide, being used in some form in every home.

Richmond is a very desirable location for a plant of this kind, being close to the cotton fields and within easy reach of the large cities and points of export. Any further information will be given.
